**Auckland**

**January 2010**

Happy New Year everyone. I hope you are all feeling refreshed and looking forward to another challenging year with the WandaTrak Program.

December was a very busy month for us with it being a short month due to the Christmas break, issuing of ten pendants within two weeks as well as conducting five pendant searches.

## **Plan for this Year**

For the first couple of months of this year we will be concentrating on training more staff in the use of the tracking equipment, furthering the training of our current trained staff and also completing a technical manual.

A workshop is being planned this year by NZ Land Search and Rescue concentrating on people living with Dementia going wandering and the issues of searching for them. We expect that part of this workshop will be looking at the WandaTrak Program and the advantages that this program offers.
